Skate Park Petition Ready for City Council

The petition to build a skate park on the vacant lot by the railroad tracks is nearly ready to go to the City Council. Jordan Wills has been collecting signatures for the past two months and finally has the target 200 signatures. Mr. Dane’s drafting class has developed a plan of the proposed skate park layout and Mrs. Burke’s art class will be creating a plaster model of the park to send to the City Council with the petition. The proposal is for a 4500 square foot park that includes a quarter pipe, a flat bank, a bowl, bars, ramps, and two practice foam pits. As soon as the plaster model is ready, as soon as next week, the petition will be taken to City Hall by Jordan Wills, Justine Faller, and Ken Zins.
