UNIVERSITY OF WISCONSIN–MADISON
Continuing Studies
Summer 2019

Grow your life,
grow your career
We’re all connected!

Everyone comes into class with their own motivation and reason for wanting to learn. A common theme is a desire to feel more connected—to a topic that fascinates us, to a part of the world we want to explore, to our job or our place in our community.

After all, the urge to be part of a group, even if it’s a virtual one, is fundamental to the human condition. It may even be coded into our DNA.

With the UW–Madison name behind us, you should feel a great deal of confidence in the quality of the offerings highlighted here. However you might not have thought about the qualities of the people beside you on the learning journey. Like you, they seek deeper understanding. Like you, they are curious adventurers. Like you, they want to be enlightened by their new expertise.

So as you enter your classroom—whether that involves a desk, a keyboard, a music stand, or a dance floor—we encourage you to get to know your fellow learners. Connect with them and learn from them. You’ll all be enriched because of it. And thanks for being connected with UW–Madison!
